SIVA

Full-Stack Web Developer | Telecom Network Specialist

@ sivasundari075@gmail.com   📞 +33 0751855566   📍 Netherlands (Open to relocation)

SUMMARY

Experienced Full-Stack Web Developer with over 20 years of expertise in software development and telecom network infrastructure. Specializing in building scalable and efficient web applications using modern technologies like React, Node.js, and MongoDB. I have successfully led projects in e-commerce and real-time network management, achieving significant performance improvements and operational efficiencies.
.
My unique blend of deep technical knowledge and practical experience allows me to deliver high-quality solutions tailored to your business needs. As a freelancer, I'm committed to turning your ideas into user-friendly applications that drive success. Let's collaborate to bring your project to life and exceed your expectations.

EXPERIENCE

Full-Stack Web Developer
Self-Employed

📅 2021 – Present

- Built and deployed an e-commerce platform using the MERN stack, focusing on scalability.

Network Research & Software Developer
BSNL

📅 2015 – 2020

- Designed RESTful APIs, improving system performance by 25%.
- Developed a network management dashboard, boosting operational efficiency by 30%.

Senior Electronics Engineer
BSNL

📅 2000 – 2015

- Led a team in telecom infrastructure modernization, improving network reliability by 25%.
- Developed embedded systems software for network equipment.

PROJECTS

E-commerce Platform (MERN)
2021

- Full-stack site with user authentication, payment integration, and AWS deployment.

Telecom Dashboard (React/Node.js)
BSNL

📅 2018 – 2020

- Real-time network monitoring with WebSocket and D3.js, reducing data latency by 60%.

SKILLS

Languages
JavaScript (ES6+)   Python   Java   SQL

Frontend
React   Angular   Vue.js   D3.js

Backend
Node.js   Express   Spring Boot

Databases
MySQL   MongoDB   PostgreSQL   InfluxDB

DevOps
Git   Docker   AWS

EDUCATION

B.E. in Electronics Eng.
VIT

📅 1996 – 2000

Diploma in Comp. Science
NIIT

📅 2014 – 2015

CERTIFICATIONS

- Full-Stack Web Development with React Specialization (2021)
- Python for Everybody Specialization (2020)
- AWS Fundamentals Specialization (2022)

SOFT SKILLS

Communication   Problem-Solving   Team Leadership   Project Management   Adaptability   Time Management   Critical Thinking   Collaboration
